### Socata

TB-9	17	\$1,680.00	\$995.00
TB20	24	\$2,340.00	\$1,680.00
TB-21	25	\$2,400.00	\$1,800.00

Set Aircraft Inspection rates are for Annual, 100 Hr. and phase inspections only. The prices to the left include labor for changing the oil, replacing wheel bearings, AD research (unless there are no previous AD records) and the inspection. The set inspection pricing does not include parts, oil, filters, O-rings, compliance of Airworthiness Directives or labor for repairs and ETC. The above prices reflect our discounted bulk labor rate for inspections at \$95/hr. Our hourly shop rate for repairs and service is \$97.50per hour, \$100 per hour for avionics work. For a fee we can do an inventory of the contents of your aircraft, otherwise, we are NOT responsible for items left in the aircraft. If items are removable then we ask that you take them with you when leaving your aircraft with us.

Notice: Maintenance on your aircraft is not complete until you receive a dated and signed log entry for the work accomplished. Invoices must be paid in full before your aircraft will be released to you. You have a 5 day grace period after your invoice has been e-mailed to you to pay it in full. After the 5 day grace period you will be charged a 5% late fee and assessed a \$15 per day storage / security fee for your aircraft. We do not guarantee or imply that your aircraft will be stored inside during bad weather if your payment is late.
